**Public Workshop May 10th for North Connector
Transportation for Livable Communities Concept Plan**

Suisun City, CA – The Solano Transportation Authority (STA) invites the public to attend a workshop for the North Connector Transportation for Livable Communities Concept Plan.

The Plan will address the range of multi-modal opportunities in the Green Valley and Suisun Valley in conjunction with the North Connector project and identify improvements to bicycle, pedestrian, and transit facilities. The Concept Plan will examine the North Connector from a corridor-wide perspective, allowing the STA, community, and partner agencies to create a cohesive vision for the corridor while also presenting unique design elements for each segment.

The workshop will be held May 10, 2007 from 6:30 p.m. to 8:30 p.m. at the Nelda Mundy Elementary School Multipurpose Room, 570 Vintage Valley Drive, in Fairfield. Please contact Robert Guerrero, STA Senior Planner, at 707-424-6014 if you have any questions regarding the workshop.

The Solano Transportation Authority (STA) can be contacted by calling (707) 424-6075 or by visiting the STA web site at www.solanolinks.com
